

## Demo Reel Shot List

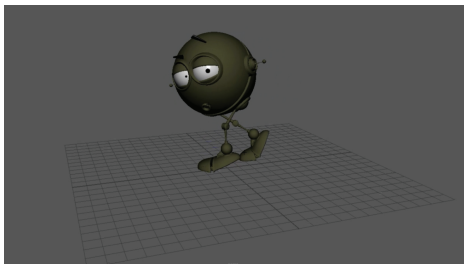

### Wolf in Sheeps Clothing 00:03-00:22

A collaborative short made with a group of 9 students for the Senior Showcase. I worked on Animation, Story and Hard Surface Modeling for this film. I worked on the animation for this scene while the model was provided by Brooklyn Hammond and rig was provided by Andrew Hudson.

### Moonlanding 00:22-00:36

A short film completed within a group of 4 students to give us experience working with the animation pipeline. For this film I worked on Character Design, Story, Animation, and Hard Surface Modeling. Animation and Final Character Design for this scene was provided by me. Rig was done by Karley Reighard while model was done by Yejin Lee.

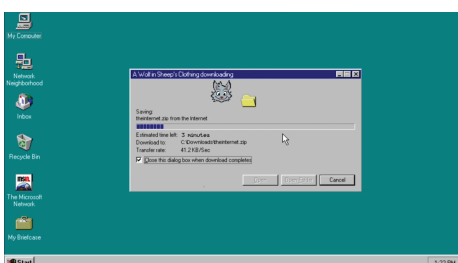

### Dweeb 00:37-00:47

Short clip to demonstrate the models rig. Model was provided by Professor Ryan Schindler. I worked on the Rig and Animation.

### Moonlanding 00:42-00:48

Same as second entry. Rig for Bear was also done by Karley Reighard. Rig, Modeling, Texturing for the teaset was done by me. Animation was also done by me.

### Wolf in Sheeps Clothing 00:48-00:57

Same as first entry. Rig and 2D animation was provided by Karley Reighard. 3D animation was done by me.
